Independent Auditors' Report

To the Board of Directors of
Horizons for Homeless Children

We have audited the accompanying financial statements of Horizons for Homeless Children (a nonprofit organization), which comprise the statements of financial position as of June 30, 2017 and 2016 and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Horizons for Homeless Children as of June 30, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of functional expenses on page 18 and 19 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Horizons for Homeless Children
Notes to the Financial Statements
June 30, 2017 and 2016

1. *Nature of Operations*

Horizons for Homeless Children (the Agency) works to improve the lives of young homeless children and to help their families succeed by providing high quality early education, opportunities for play, and comprehensive family support services. The Agency provides customized play and education that children who have experienced the traumas of homelessness need in order to overcome the effects of trauma and to be ready for school.

The Agency is exempt from Federal income taxes as an organization (not a private foundation) formed for charitable purposes under Section 501(c)(3) of the Internal Revenue Code (IRC). The Agency is also exempt from state income taxes. Donors may deduct contributions made to the Agency within the IRC regulations.

Program services rendered by the Agency can be summarized as follows:

Community Children's Centers

Our community children's centers began in Boston in 1994 and provide comprehensive early education services specifically focused on the needs of young homeless children, ages two months through five years, while providing parents with support services and resources to break the cycle of homelessness and become self-sufficient. The Agency operates three such centers serving a total of 175 children each weekday. Since the program began in 1994, the Agency has serviced more than 3,000 homeless children and their families and helped them move into self-sufficiency.

Playspace Program

The playspace program has been providing greater Boston family homeless shelters with playspaces and volunteers known as playspace activity leaders since 1990, and has expanded to provide these services to children in family shelters throughout Massachusetts. Trained volunteers engage children in educational activities, giving each child an opportunity to learn and grow from these interactions, as well as have fun. Since the inception of the program, more than 20,000 volunteers have served for at least two hours per week for six months.

Training and Technical Assistance

Through the training and technical assistance program, Agency staff members present workshops and conferences for professionals who work with homeless families, including educators, social workers, shelter staff and government agencies. The goal of the program is to improve the delivery of services for young homeless children and their families in the broader community. Since its creation, the Agency has co-sponsored seven conferences in Massachusetts and delivered numerous workshops and trainings both locally and nationally.

Evaluation

The evaluation program is a key program in the Agency's goal of undertaking a more formal process to design programs, evaluate those programs, and utilize information gained to improve outcomes for children and families who participate in the Agency's programs. This program will be instrumental to the Agency's focus on influencing public policy regarding early childhood education and child and family homelessness.

1. *Nature of Operations – continued*

Policy and Advocacy

The Agency's policy and advocacy work represents a key strategy in the Agency's mission to improve the lives of homeless children and families in Massachusetts. Through the lens of early childhood development, the Agency engages with legislators at the state and federal levels, as well as with other community organizations to advocate for holistic approaches that increase access to high-quality child care, as well as stable, affordable housing opportunities for families across Massachusetts.

2. *Significant Accounting Policies*

Basis of Accounting

The Agency prepares its financial statements in accordance with generally accepted accounting standards and principles established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these footnotes are to the FASB Accounting Standards Codification (ASC).

Cash and Cash Equivalents

For the purposes of the statement of financial position and the statement of cash flows, the Agency considers all short-term investments with an original maturity of three months or less to be cash equivalents. There were no cash equivalents as of June 30, 2017 and 2016.

Classification of Net Assets

Net assets, revenue and support are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

Unrestricted net assets - include all resources that are not subject to donor-imposed stipulations or contributions with donor-imposed restrictions that are met during the same year as the contribution is made. Unrestricted net assets designated by the Board represent funds set aside by internal Board action. These funds include funds set aside to fund long-term planning and related projects and future operating deficits. Board designated net assets of \$8,846,452 as of June 30, 2017 are included in cash and investments (see Note 3). Board designated net assets of \$9,776,452 as of June 30, 2016 are included in investments (see Note 3). The Board voted to release \$930,000 and \$2,496,000 from designation during fiscal year 2017 and 2016, respectively. Unrestricted net assets denoted as property and equipment represent equity in such property and equipment.

Temporarily restricted net assets - subject to legal or donor-imposed stipulations that may or will be met either by actions of the Agency and/or passage of time. Temporarily restricted net assets consist of purpose restricted contributions of \$72,980 and time restricted contributions of \$219,000 as of June 30, 2017. Temporarily restricted net assets consist of purpose restricted contributions of \$138,094, and time restricted contributions of \$175,557 as of June 30, 2016.

Horizons for Homeless Children
Notes to the Financial Statements - *Continued*
June 30, 2017 and 2016

2. *Significant Accounting Policies – continued*

Classification of Net Assets – continued

Permanently restricted net assets - subject to donor-imposed stipulations that they be maintained permanently by the Agency. Generally, the donor of these assets permits the Agency to use all or part of the income earned on related investments for general or specific purposes. There are no permanently restricted net assets as of June 30, 2017 and 2016.

Revenue Recognition

Contracts and grants are recorded over the period covered by the contract or grant as services are provided and costs are incurred. State vouchers for services are recorded as revenue as services are provided. Unrestricted grants and contributions are recorded when unconditionally pledged or received. Training, conferences and other revenues are earned as services are provided.

All contributions are considered available for the Agency's general programs unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor are reported as temporarily or permanently restricted support and increase the respective class of net assets. Contributions received with temporary restrictions that are met in the same reporting period are reported as unrestricted support and increase unrestricted net assets. Investment income that is limited to specific uses by donor restrictions is reported as increases in unrestricted net assets if the restrictions are met in the same reporting period as the income is recognized.

Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discount is included in contribution revenue. Conditional promises to give are not included as support until the conditions are substantially met. Gifts of non-cash assets are recorded at their fair value at the date of contribution, as determined by the donor or the Agency. Special events revenue is recognized in the year the event occurs, however revenue received in advance is deferred and is included under liabilities within deferred revenue.

Contracts and Grants Receivable

Contracts and grants receivable are stated as unpaid balances, less an allowance for doubtful accounts. The allowance is based on collection experience and other circumstances that may affect the ability of agencies and donors to meet their obligations. It is the Agency's policy to charge off uncollectible accounts receivable when management determines the receivable will not be collected. As of June 30, 2017 and 2016, management deemed that no allowance for doubtful accounts was necessary on contracts and grants receivable.

Horizons for Homeless Children
Notes to the Financial Statements - *Continued*
June 30, 2017 and 2016

2. Significant Accounting Policies – continued

Investments

Investments are recorded at fair value. Investment income includes interest and dividends and is recorded when earned. Realized gains and losses from investment transactions and changes in fair value (unrealized gains and losses) of investments are recorded as incurred. Investments are not insured and are subject to ongoing market fluctuations.

Investments in a multi-asset fund are valued at net asset value (NAV) per share or ownership interest of the investment.

The Agency has an investment in a joint venture limited liability company in which the Agency's ownership percentage is 50%. This investment is recorded based on the equity method.

Fair Value Measurement

ASC Topic, *Fair Value Measurements*, establishes a framework for measuring fair value and expands disclosures about fair value measurements. The standards establish a fair value hierarchy that prioritizes the inputs and assumptions used to measure fair value.

The three levels of the fair value hierarchy are as follows:

- Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date. Instruments which are generally included in this category include equity and debt securities publicly traded on an exchange.
- Level 2 – Inputs other than quoted prices in active markets that are observable for the asset either directly or indirectly, including inputs in markets that are not considered to be active.
- Level 3 – Inputs that are unobservable and which require significant judgment or estimation.

A qualifying asset or liability's level within the framework is based upon the lowest level of any input that is significant to the fair value measurement.

Property and Equipment and Depreciation

Purchased property and equipment are recorded at cost. Additions with a cost or fair value of less than \$1,000 are expensed. Donated property and equipment are recorded at fair value at the time of donation. Depreciation is computed using the straight-line method over the following estimated useful lives:

Leasehold improvements	Lesser of lease term or useful life
Website, computer and office equipment	3 – 5 years

Horizons for Homeless Children
Notes to the Financial Statements - *Continued*
June 30, 2017 and 2016

2. Significant Accounting Policies – continued

Functional Allocation of Expenses

The statements of activities and changes in net assets reflect expenses on a functional basis. Accordingly, certain costs have been allocated among the program and supporting services functions. Expenses related directly to a program are distributed to that program, while other expenses are allocated based upon management's estimate of the percentage attributable to each program or cost category.

Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Tax Positions

The Agency accounts for uncertainty in income taxes in accordance with ASC Topic, *Income Taxes*. This standard clarifies the accounting for uncertainty in tax positions and prescribes a recognition threshold and measurement attribute for the financial statements regarding a tax position taken or expected to be taken in a tax return. Unrelated business income, of which there was none for the fiscal years ended June 30, 2017 and 2016, would be subject to Federal and state income taxes. Consequently, the accompanying financial statements do not reflect any provision for income taxes. The Agency has determined that there are no uncertain tax positions which qualify for either recognition or disclosure in the financial statements at June 30, 2017 and 2016. The Agency's information returns are subject to examination by the Federal and state jurisdictions and generally remain open for the most recent three years (fiscal years 2014 - 2016).

Adoption of New Accounting Standard

In May 2015, FASB issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement: Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient; rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. This guidance is effective for the fiscal year ending after December 15, 2016. Early adoption is permitted. The Agency has adopted the standard as of June 30, 2017.

3. Investments

The following is a description of the valuation methodologies used for assets measured at fair value.

Government Bond Funds, Common Stock and Cash and Cash Equivalents

Value is based upon estimated fair value, as reported by the third party fund manager. The fund manager utilizes the quoted prices for the underlying holdings as its basis for fair value measurement.

The investment portfolio at fair value as of June 30, 2017 and 2016, is as follows:

Description	2017			Total

TIFF-Multi-asset funds				<u>7,109,634</u>
Total investments				<u>\$ 11,036,744</u>

* Certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of financial position.

3. Investments – continued

The changes in the investment for which the Agency has used Level 3 inputs to determine fair value were as follows for fiscal year 2016:

Investment balance at June 30, 2015	\$ 1,154,978
Sales	(1,087,869)
Realized loss on investment in non- marketable security	<u>(67,109)</u>
Investment balance at June 30, 2016	<u><u>\$ -</u></u>

All investments are managed by outside investment managers and all investment fair values have been provided by the managers. The valuation of the Agency's investment in a limited partnership which was held in fiscal year 2016, was subject to audit. The most recent audit available was for the year ended December 31, 2014, and was dated June 22, 2015. During fiscal year 2016, the Agency withdrew all of its funds from this investment.

Investments by purpose consisted of the following at June 30:

Investment income consisted of the following for the years ended June 30:
