

# HORIZONS FOR HOMELESS CHILDREN

## Playspace Volunteer Program

*Horizons for Homeless Children is the state's leading organization devoted exclusively to serving homeless children. We focus our efforts on helping young children mitigate the trauma and stress associated with homelessness through high quality early education, comprehensive support services, and opportunities to play in shelter.*

Our Playspace program provides young children in shelter a safe and dedicated space to play, learn, and have fun! The Playspace includes toys and activities to engage creativity, imagination, physical and social development. Our Playspaces are staffed with trained and caring volunteers called PALs (Playspace Activity Leaders), who commit to providing a positive and nurturing experience at the same time and same shelter location for two hours each week.

Are you looking for an opportunity to support young children in your community? Our need for volunteers is more critical than ever as we continue to open new Playspaces across the state.
